Benefits

The Product offers **Three Plan options** - Level Cover Benefit, Increasing Cover Benefit and Level Cover with Future Proofing Benefit. The plan option once chosen at inception of the policy cannot be changed during the policy term. Premium will vary depending upon the benefit chosen, level cover or increasing cover.

Level Cover Benefit:

Offering you reliable protection and peace of mind for the years that matter most. Under this Plan option, the Sum Assured would remain constant throughout the policy term.

Increasing Cover Benefit

As your responsibilities grow and inflation rises, your insurance should keep pace. With the **Increasing Cover Benefit**, your protection automatically increases—giving you enhanced security.

Your Sum Assured automatically increases by 5% (simple rate) every year, starting from the first policy anniversary, and can increase up to a maximum of 200% of the original Sum Assured. This annual increase continues until you reach the age of 71, ensuring your coverage keeps pace with your growing needs. Best of all, your premiums stay fixed throughout the policy term, offering increasing protection without increase in premium.

For example: If a policy is issued for a Life Assured age 30 years with a Sum Assured of ₹1,00,00,000 for a policy term of 30 years, then every year the Sum Assured increases by 5% of ₹1,00,00,000 i.e by ₹5,00,000 each year. If death occurs in the 14th policy year, the Sum Assured on Death payable would be ₹1,65,00,000 (₹1,00,00,000 + 13 increases of 5,00,000 each), provided the policy is in-force.

Level Coverwith Future Proofing Benefit

This option ensures that your protection evolves with you, aligning your insurance cover with key milestones in life. It empowers you to increase your Sum Assured at defined life stages—such as marriage or the birth of child or purchase of house—so your coverage keeps pace with your growing responsibilities. The increase will be without further medical underwriting, though it will result in increase in premium (premium rate applicable for increased Sum Assured would depend on the attained age and outstanding policy term at the time of exercising the option).

The increased Sum Assured takes effect from the next policy anniversary following approval of your request.

✓ The Life Stages and corresponding increase in the Sum Assured as follows:

Life Stages	Increase in Absolute Amount assured on Death
On Marriage [^]	50% of Sum Assured (subject to maximum increase of ₹50 lakh)
On live birth or on adoption of First child	25% of Sum Assured (subject to maximum increase of ₹25 lakh)
On live birth or on adoption of Second child	25% of Sum Assured (subject to maximum increase of ₹25 lakh)
On purchase of house [^]	50% of Sum Assured (subject to maximum increase equal to the home loan amount or of ₹50 lakh, whichever is lower)

[^]This option is available only once during the policy term after the risk commencement date.

- It is your discretion whether to increase Sum Assured under this option on happening of above mentioned events. In case you decide to exercise this option, then
 - a) the corresponding increase in premium on account of increase in Sum Assured will be applicable from the time of increase in the Sum Assured. Both increase in premium and increase in Sum Assured will apply prospectively from the policy anniversary date immediately falling on or after the date of acceptance of the request.
 - b) the premium rate applicable for increased Sum Assured would depend on the attained age and outstanding policy term at the time of exercising the option.
 - c) the Life Assured will not be subjected to any underwriting except for the requirement to submit valid documents to support the fulfillment of the conditions required for exercising the option.
 - d) In case of the birth of twin children or triplets etc., only two increases shall be allowed and the options for increase on birth of first child and on birth of second child can be exercised at the same time on submission of necessary proof
- **Conditions applicable for this option:**
 - This option is available only for the Regular Pay policies.
 - Maximum Entry Age allowed under this Plan Option is 40 years last birthday

- The Life Assured needs to submit a written request within a period of six (6) months from the date of occurrence of any of the above mentioned four (4) life stage events.
- This option can be made available to the Life Assured if the policy is issued at standard rates at Policy inception as per the Board Approved Underwriting Policy of the Company and also the further increase in Sum assured would not be allowed after the date of revival, if the Life Assured is not accepted at standard rates at the time of revival, as per the Board Approved Underwriting Policy of the Company.

Non-Disclosure

Extract of Section 45 of Insurance Act 1938, as amended from time to time

No policy of life insurance shall be called in question on any ground whatsoever after the expiry of three years from the date of the policy. A policy of life insurance may be called in question at any time within three years from the date of the policy, on the ground of fraud or on the ground that any statement of or suppression of a fact material to the expectancy of the life of the insured was incorrectly made in the proposal or other document on the basis of which the policy was issued or revived or rider issued. The insurer shall have to communicate in writing to the insured or the legal representatives or nominees or assignees of the insured, the grounds and materials on which such decision is based.

No insurer shall repudiate a life insurance policy on the ground of fraud if the insured can prove that the mis-statement or suppression of a material fact was true to the best of his knowledge and belief or that there was no deliberate intention to suppress the fact or that such mis-statement or suppression are within the knowledge of the insurer. In case of fraud, the onus of disproving lies upon the beneficiaries, in case the policyholder is not alive.

In case of repudiation of the policy on the ground of misstatement or suppression of a material fact, and not on the grounds of fraud, the premiums collected on the policy till the date of repudiation shall be paid.

Nothing in this section shall prevent the insurer from calling for proof of age at any time if he is entitled to do so, and no policy shall be deemed to be called in question merely because the terms of the policy are adjusted on subsequent proof that the age of the life insured was incorrectly stated in the proposal.
